

## **GEOFFREY NALIANYA**

P.O box, 15222-00400. +254718110149, [info@jeffnali.com](mailto:info@jeffnali.com)

My name is Geoffrey Nalianya, Alias **Jeff Nali**, and this is my story. Jeff Nali is a Bachelor of commerce graduate from the University of Nairobi who has taken his love and passion for technology to new heights.

### **WORK EXPERIENCE**

#### **CSCC operator- BBOXX**

Nov 2017 to present

Working with BBOXX solar company to provide 20 million people with electricity by 2020. My passion for Technology makes my work here fun and satisfactory.

#### **Web developer/ content creator- Technology Sage**

2013 to present

I am a professional tech blogger/ content creator running [www.technologysage.com](http://www.technologysage.com) and its affiliate websites including TechnologySage YouTube channel. I have other blogs, websites and youtube channels in other fields as well. Details in the portfolio. I also build and design websites for clients.

#### **Account Manager- Blueribbons Investments**

Jan 2017-May 2017

Worked as an Account Manager in charge of debt management and debt recoveries on behalf of clients at Blueribbons Investments, which is a Debt collection and management firm.

#### **Android OS beta-Tecno Mobility Kenya**

Aug 2015-Nov 2016

Worked with Tecno Mobile in Kenya specifically in coming up with the Android version customized for tecno devices. During this period, Android HiOS was successfully tested and found fit for general public.

---

## **EDUCATION**

### **Ethical Hacking-Online Cause**

2015-2017

Took the bold step to learn the complicated stuff about the online security with the aim of protecting myself from cyber security threats and also helping others stay secure. This knowledge can also help organizations seal their loopholes and stay secure.

### **The University of Nairobi**

2012-2016

Attained a Bachelor's degree in commerce, popularly known as; Bachelor of Commerce (B.Com) Finance option. During the same period, I gained skills in the use of QuickBooks, SPSS and other financial software.

### **Web Design and Development-Online cause**

2012-2016

I followed my passion and enrolled in Webdesign cause online. I learned how to build websites, HTML, java, PHP and other programming languages. Also got to understand how websites work, where the files are stored and the code behind every web page.

### **The Computer College-NAIROBI**

2011-2012

I took both the basic and advanced computer packages during this period just after High school. This is when I started falling in love with Computers and what they were capable of.

### **Kivaywa High School**

2007-2010

This is where I did my High school. My good grades granted me direct entry into the University of Nairobi but at the expense of waiting for two years.

## **MY WEBSITES**

This section includes sites that I have built on my own for myself. These websites earn revenue in different ways and collectively they average over \$1000 per month. If you want me to build a

website for you, be it for business or personal website like this one, just reach out to me in the 'contact' section.

1. [www.technologysage.com](http://www.technologysage.com): Technology Sage is a technology blog where I share my knowledge on matters mobile phones, computers, software, games, and firmware.

7. [www.investmentportfolios.info](http://www.investmentportfolios.info): This is a finance blog where I share knowledge on investment matters, investment portfolios, how to invest, among others.

## **My YouTube Channels**

They say a picture speaks more than 1000 words. I believe videos talk more than the picture. It is for this reason that i took my passion to the next level and also became a YouTube creator. I have several Youtube channels on different topics and they earn revenue as well.

1. **Technology Sage**: This is the video version of the Technology Sage blog. I create technology related videos and publish them on Youtube.
2. **Facile Gamer**: I love computer games and on this channel, I share game tweaks, gameplay, tips and tricks on both Android games and computer games.
3. **JnM AutoMotors**: I love automobiles and specifically Superbikes or Sportbikes. On this channel, I share information about bikes that I own, various MODs, repairs and in the near future I may as well cover cars.
